

## Information Regarding Paying Guest Accommodation

As majority of the students come for the industrial training programs from cities and states outside Chandigarh so we have looked for arrangements for their stay at the nearby paying guests, where our students usually stay. The following is the list of paying guests you can visit and confirm your stay.

### Note

1. Orbit Biotech does not own these paying guest accommodations; we are just facilitating the students to find a safe and comfortable place to stay during their industrial training period.
2. Parents/Guardians and students are requested to ensure their comfort level at these paying guests and only then opt to stay there as **Orbit Biotech has no role in operating these paying guests hence we do not carry any liability.**
3. Please make your choice as per your convenience and also there is no compulsion from our side to stay at these paying guests as the students can opt for any other place if they feel so.
4. The paying guest charges are not included in the industrial training fee and the rent for paying guest **should not** be deposited at the office.
5. The usual paying guest charges in Mohali are in the range of INR 2500 – 3000 (without food) & approx INR 5000 (with food). Kindly negotiate the cost according to the services being offered by the paying guest owners.

## Girls PG List

| Address   | Mobile Number             |
